WHAT DO WE OFFER:
NETWORKING OPPORTUNITIES

We organize:

- **cluster business breakfasts**, aimed at integrating IT companies, knowledge and experience sharing between companies and our guests;
- **industry business breakfasts**, which are dedicated to the needs of other industries in IT solutions. Participation in meetings is an opportunity to present their offers to potential clients,
- **participation as a panelist and speaker** in conferences, congresses and other events organized by the IT Cluster and organizations cooperating with us.

Each of the events is an opportunity to establish new business relationships!

WE ORGANIZE INTERNATIONAL CONFERENCES

Our recent AI-Connect conference and over 240 participants!

- Pragmatic AI: How Artificial Intelligence Will Change Your Business?
- Data Science and AI in Business
- Artificial intelligence in education: thrilling or terrifying?

KNOWLEDGE AND EDUCATION

We give the possibility for the development of competences needed in the IT industry through the following:

- **participation in business events** organized by the IT Cluster;
- being informed about **IT events** and activities undertaken in the West Pomerania region;
- **acquiring a special offer** (a guaranteed entry or preferential ticket price) for the industry events which are organized in the region;
- cooperation with **educational institutions.**

WE CONNECT IT COMPANIES WITH THE OTHERS INDUSTRIES

Our Expert meeting: New technologies in the Industry of the Future

- Industry 4.0 concept and the technological and organizational transformation of enterprises.
- We met to learn about mutual needs and opportunities for cooperation in the area of: new technologies - industry.

WHAT ELSE DO WE OFFER?

- Building partnerships
- Networking opportunities
- International cooperation
- Employer branding
- Knowledge and education
- Marketing and PR
